## Masterclass

## Mobile First (m-Learning) Masterclass 2

**Join us for an empowering pilot dedicated to building digitally skilled m-learning students!**

The Mobile First (m-learning) Masterclass was developed with the focus being on the digital online learner at the University of South Africa. The masterclass will focus on understanding the mobile first principals, leveraging mobile technology to enhance your online learning experience at the University of South Africa (UNISA), exploring Microsoft 365 (M365 Copilot) features and tools that can boost your productivity and streamline your study routines. The masterclass will be delivered through an online and face to face course with activities and workshops. The masterclass will contain the following units:

- Role of Mobile First Design Principles
- Using Mobile Devices for Online Learning within UNISA
- Using Microsoft 365 (M365 Copilot) App

For information relating to the launch and workshops, you can email [ADOVH@unisa.ac.za](mailto:ADOVH@unisa.ac.za).
